Franck Oger
General Manager
Power & Water Sales

Franck Oger, Western Europe Region Sales Executive is based in Belfort, France. Franck has over 10 Years of proven leadership performance in the Power Generation industry in Sales and Commercial Operations. He holds Bachelors degrees in Mechanical Technology and Aeronautical Engineering from National Engineering School of ENSMA (France). Franck joined GE in 1999 as a Sales Manager with Contractual Services. Since that time he has held various roles with increasing responsibility, including European Sales Director for Contractual Services. Most recently, he served as Region Executive for Energy Services in Milan where he was responsible for leading the Western Europe Commercial Operation team to drive profitable growth and established Western Europe as the 2nd largest Energy Services region in 2009.
